PureSafety: Your Comprehensive EHS Software Solution from UL

Simplify EHS management and reduce injuries with PureSafety, UL's single-platform environmental, health and safety management system.

Our EHS management system allows companies to:

- Assign training by role or location, with more than 700 customizable, job-specific courses
- Report and track incidents, using corrective actions to change behavior and prevent future accidents
- Centralize training, safety and compliance to promote organization-wide collaboration

PureSafety EHS management system from UL helps you develop a culture of health and safety in your workplace, protecting workers and reducing costs.
